Covering an area of 1 510 km2, the Masai Mara is a land of breathtaking vistas, abundant wildlife, and endless plains. The Reserve is a photographer’s and naturalist’s paradise with abundant elephant, buffalo, giraffe, lion and cheetah alongside the migratory wildebeest and zebra.
Leopards are frequently encountered, endangered black rhino find retreat in dense thickets, and large rafts of hippo and enormous crocodiles are found in the Mara River. The Mara is also home to over 450 bird species.

Situated in the &Beyond Kichwa Tembo Private Concession, which neighbours the Masai Mara, &Beyond Bateleur Camp offers world-class accommodation in the African bush. Meaning “head of the elephant” in Kiswahili, Kichwa Tembo is located on private land leased from Maasai landlords in the remote western Mara – almost exclusively explored by fly-in guests. Every year in June and July, Africa’s annual Great Migration passes through Grumeti, and hundreds upon thousands of wildebeest, zebra and other herbivores cross the Grumeti River, risking the jaws of some of Africa’s largest crocodiles.

Today, long since having collapsed and eroded, it is an extensive highland area with the famous 600 m deep Ngorongoro Crater as its focal point. Nearly three million years old, the ancient caldera shelters one of the most beautiful wildlife havens on earth. Endangered black rhino are protected within its
rim, giant tusked elephants wander the forests, black-maned lions stalk the grasslands, and flamingoes crowd the soda lakes.

An estimated 25 000 large mammals are resident in this bowl of plenty, including a population of approximately 6 000 resident wildebeest, 16 highly endangered black rhino and around 70 lions. Cheetah move in and out of the Crater, while leopard are most often encountered in the spectacular Lerai Forest. &Beyond Ngorongoro Crater Lodge, consistently recognised as one of the world’s most luxurious and elegant places to stay, sits right on the edge of the Crater, offering unbeatable views of one of the natural travel wonders of the world.
